EDUCATION

Cornell University, Duffield College of Engineering, Ithaca, NY Expected graduation: May 2029
Candidate for a Bachelor of Science, Intended Major: Mechanical Engineering
GPA: 4.22/4.00

ʻIolani School, Honolulu, HI Graduated June 2025
Weighted GPA: 4.44 / Unweighted GPA: 4.00/4.00

EXPERIENCE

Cornell University AutoBoat Project Team, Ithaca, NY November 2025 – present

- Leading the design, testing, and integration of the object delivery system
- Engineered racquetball feeder and launching mechanisms with a focus on reliability and DFMA principles
- Implemented robust top-down modeling and parametric design intent
- Produced comprehensive technical documentation
- 100+ hours of SOLIDWORKS & Fusion 360 experience; 20+ hours of machine shop operation

PROFESSIONAL EXPERIENCE

Audio Visual Support Assistant, Cornell University, Ithaca, NY September 2025 – present

- Delivering technical support for 5000+ faculty and students across the College of Arts and Sciences
- Rapidly responding to help desk tickets; providing on-site troubleshooting for hardware & software issues
- Executing proactive testing to curb classroom technical failures by 50%.
- Conducting room improvement tasks to maintain and upgrade systems

LEADERSHIP EXPERIENCE/COMMUNITY SERVICE

Internal Logistics Director, Science Olympiad at Cornell, Ithaca, NY August 2025 – present

- Managing logistics of hosting biannual Science Olympiad tournaments serving 1000+ students annually
- Collaborating with E-board to deliver a fun and high-quality experience for competitors and volunteers
- Ensuring tournament success through proactive planning and multifaceted support for team members
- Communicating closely with university facilities staff to manage large-scale reservations.
- Support youth STEM initiatives through local outreach with Science Olympiad Inc. and Ithaca SMArTS

CERTIFICATIONS

SOLIDWORKS Design Professional (CSWP), Dassault Systèmes March 2026

SKILLS

CAD/CAM Software: SOLIDWORKS • Autodesk Fusion 360 • Onshape • BambuStudio • Cura

Manufacturing: Manual Machining • 3D-Printing (Bambu, Crealty) • Laser-cutting (Epilog)

Programming: Python • MATLAB • C++ • Markdown

Computer Software: 3DEXPERIENCE • SkyCiv • Google Suite • Adobe Suite • Microsoft Office

Embedded Systems: Arduino (Nano, Uno)

Languages: Japanese (Fluent)
